Miami County Engineer
(on behalf of the SCIP/LTIP Review Committee)

DATE: July 30, 2020

SUBJECT: **Application Information for the State Capital
Improvement Program (SCIP) and Local Transportation
Improvement Program (LTIP)**

As you are aware the COVID - 19 situation in Ohio has touched nearly every aspect of our lives. OPWC funding and schedules are no exception. As of right now, this is what we know:

1. OPWC is requesting applications for the next Round (i.e. Round 35) projects
2. No funding is currently in place for those projects.
3. The Application due date **in Springfield** is October 5, 2020.
4. This gives us very little time to get things organized here on the County Level.

Here is what we propose at the County Level:

1. Abandon the three-year pipeline and submit one application per jurisdiction for Round 35 consideration only.
2. This application, and all supporting documentation, need to be submitted to my office no later than **September 8th 2020 at 4:00 p.m.** so that the county committee can meet, review, score and, revise applications prior to submission to Springfield.
3. Application materials, samples, and links are available, again this year, through my website at: <https://www.co.miami.oh.us/967/OPWC-Materials>
4. NOTE: THE PROJECT SCORING SHEET HAS CHANGED SINCE LAST YEAR!!!

Sincerely,

Paul P. Huelskamp PE, PS
