

## PUBLIC ANNOUNCEMENT

The Miami County Engineer intends to contract for civil engineering services in connection with the replacement of **Piqua-Lockington Road Bridge No. 02.56, (MIA-CR199-02.56)**. Engineering firms interested in being considered for a contract to provide the required services should reply with a Statement of Qualifications no later than 4:00 p.m. on December 1, 2023. Statements received after this deadline will not be considered.

Statements of Qualifications should include information regarding the firm's history; education and experience of owners and key technical personnel; the technical expertise of the firm's current staff; the firm's experience in designing similar projects; availability of staff; the firm's equipment and facilities; references; and any previous work performed for the Miami County Engineer.

Statements of Qualifications should be marked "Statement of Qualifications", Piqua-Lockington Road Bridge No. 02.56 (MIA-CR199-02.56), and transmitted to:

Paul P. Huelskamp, PE, PS  
Miami County Engineer  
2100 North County Road 25-A  
Troy, Ohio 45373  
Telephone (937) 440-5656

As required by Ohio Revised Code 153.65-71, responding firms will be evaluated and ranked in order of their qualifications. Following this evaluation, the Miami County Engineer will enter into contract negotiations with the most highly qualified firm.

The preliminary project description is as follows:

- |   |   |
|---|---|
| <b>Name of Project</b>                      | - Piqua-Lockington Road Bridge No.02.56 (MIA-CR199-02.56)   |
| <b>Location</b>                             | - Piqua-Lockington Road approximately 100 feet north of the Clevenger Road intersection spanning the Great Miami River.   |
| <b>Description</b>                          | - Replacement of an existing approximately 222' long four span prestressed box beam bridge with a deck width of 24 feet and built in 1972. The proposed replacement structure will be three span prestressed concrete beam bridge with a total length of 230 feet and a deck width of 36 feet. The project will include approximately 1000 feet of approach work. |
| <b>Estimated Const. Cost</b>                | - \$4,220,000 (Including PE, construction of bridge and approaches, contingencies, and CE)  |
| <b>Source of Funding</b>                    | - 80% Federal (LBR) and 20% Local (Miami County)  |
| <b>Project Schedule</b>                     | - Anticipated dates for design startup/completion – February 2024/November 2027<br>Anticipated date for construction startup/completion – January 2028/October 2028   |
| <b>Special Requirements or Restrictions</b> | - Plans to be designed to ODOT/FHWA standards. The bridge spans the Great Miami River.  |
