

## PUBLIC ANNOUNCEMENT

The Miami County Engineer intends to contract for civil engineering services in connection with the rehabilitation of **Klinger Road Bridge No. 04.06, (MIA-CR89-04.06, PID 125607)**. Engineering firms interested in being considered for a contract to provide the required services should reply with a Statement of Qualifications no later than 4:00 p.m. on April 3, 2026. Statements received after this deadline will not be considered.

Statements of Qualifications should include information regarding the firm's history; education and experience of owners and key technical personnel; the technical expertise of the firm's current staff; the firm's experience in designing similar projects; availability of staff; the firm's equipment and facilities; references; and any previous work performed for the Miami County Engineer.

Statements of Qualifications should be marked "Statement of Qualifications", Klinger Road Bridge No. 04.06 (MIA-CR89-04.06), and transmitted to:

Paul P. Huelskamp, PE, PS  
Miami County Engineer  
2100 North County Road 25-A  
Troy, Ohio 45373  
Telephone (937) 440-5656

As required by Ohio Revised Code 153.65-71, responding firms will be evaluated and ranked in order of their qualifications. Following this evaluation, the Miami County Engineer will enter into contract negotiations with the most highly qualified firm.

The preliminary project description is as follows:

- |   |  |
|---|--|
| <b>Name of Project</b>                      | - Klinger Road Bridge No.04.06 (MIA-CR89-04.06, PID 125607)  |
| <b>Location</b>                             | - Klinger Road approximately 1500 feet west of the State Route 48 intersection spanning the Stillwater River.  |
| <b>Description</b>                          | - Rehabilitation of an existing approximately 234' long three span continuous steel girder bridge with a deck width of 25 feet and built in 1966. The proposed rehabilitation of the structure will be replacement of the concrete deck, conversion of the abutments to semi-integral, replacement or repair of exterior steel girders and repair of the concrete pier caps. The project will include approximately 200 feet of approach work. |
| <b>Estimated Const. Cost</b>                | - \$1,739,000 (Including PE, construction of bridge and approaches, contingencies, and CE)   |
| <b>Source of Funding</b>                    | - 95% Federal (LBR) and 5% Local (Miami County)  |
| <b>Project Schedule</b>                     | - Anticipated dates for design startup/completion – October 2026/November 2030<br>Anticipated date for construction startup/completion – January 2031/October 2031   |
| <b>Special Requirements or Restrictions</b> | - Plans to be designed to ODOT/FHWA standards. The bridge spans the Stillwater River, a State Scenic River.  |
